### DR. REGAN SPEAKS AT MEETING

Dr. Charles B. Regan, director of pupil personnel for the Old Rochester School District, spoke to parents and friends of handicapped children at their meeting at Mattapoisett Inn, Water Street, Mattapoisett. Mrs. Dennis Sylvia introduced Dr. Regan and conducted the question and answer period which followed the talk.

The emphasis of his discussion centered on the fact that the State must educate a child after his 7th birthday either close by or in some class suitable for his ability. He noted the trainable child in high school is getting some academic training as well as vocational. Some are being taken into regular classes. He stressed that an educable or trainable child can be removed from the class if the child disturbs the class.

Dr. Regan felt a research center planned for the New Bedford area would be a great asset to the tri-town area. When questioned on the subject Dr. Regan stated the school budget this year would not have sufficient funds for a class of handicapped children. However, now that the school board is aware the need is so great plans will be formulated to start a class.

The emotionally disturbed child is in a class by themselves as they need extra work in addition to the school work. These children are more difficult to place in the proper education-

### THE LAST YANKEE WHALER

A century and more ago, the cry "Thar she blows" echoed round the Seven Seas as Yankee whalers hunted the fighter sperm whale—the most awesome of mammals.

From historic northeastern seaports—Martha's Vineyard, New Bedford, Sag Harbor, Nantucket—Yankee seafarers signed on for whalehunts that sometimes lasted seven years.

Many of them returned with enough oil and spermaceti "to light the lamps of China." And from these whalehunts were built many of today's New England fortunes.

But many of the whalers, as chronicled in the famed Disaster Books of the Atlantic Mutual Insurance Company, never made home port... or if they did, they limped back, victims of gale and heavy seas.

Of the hundreds of whalers whose exploits are recorded in the Atlantic Mutual Library, none had so lengthy... or profitable... a career as the "Charles W. Morgan."

From 1841 to 1921—a full 80 years—the Morgan sailed the seas... in the Tropics, in the Arctic, off Cape Hatteras and the Cape of Good Hope, in the Indian Ocean and China Seas.

As she left the ways in New Bedford on September 6, 1841, the "Charles W. Morgan" was just another whaler. Who would have guessed she was destined for immortality!

On board were thirty men, the youngest 15, the captain a ripe 34.

Her maiden voyage of three years, three months and twenty-four days was auspicious. From this voyage, the "Charles W. Morgan" unloaded 1,600 barrels of sperm oil, 800 barrels of whale oil, 10,000 pounds of whale bone, a sizable fortune.

The third voyage, as recorded in the Atlantic Mutual Disaster Books had all the ingredients of a Hollywood epic: an encounter with South Sea cannibals, a giant squid which threatened to maim several crewmen, and a tropical hurricane which nearly capsized the ship.

At the turn of the century, she plied the North Pacific before returning to her home berth in New England. Long after most whalers had disappeared, the "Morgan" continued her career. Finally in 1921, the redoubtable whaler was laid up in Fair Haven.

And then her second career began. The "Morgan" appeared in three Hollywood sea sagas: "Down to the Sea in Ships," "Java Head," and "Miss Petticoats."

In the fall of 1941, just a month before Pearl Harbor, the "Charles W. Morgan" was retired gracefully in the Mystic Seaport Maritime Museum. Here in placid Connecticut waters, the "Charles W. Morgan" today recaptures for thousands of visitors the dramatic "Age of Whaling."

#### ADULT BIBLE CLASS AND JUNIOR PROGRAM

An Adult Bible Class and a Junior Church program are two more activities that have been added to the program at the Friends Meeting on Route 6 in Mattapoisett.

The Adult Bible Class will meet at 10 o'clock each Sunday. A study of the scriptures relating them to everyday experiences and problems will be discussed with opportunities to present questions of interest.

The Junior Church will meet at 11 A.M. each Sunday with special sermonettes presented through object lessons and other visual aids geared to the interest of the children. This Sunday, June 25th, the title of the children's sermonette will be "The Door to Heaven".

Last Sunday at the Children's Day Service a special display of materials used in the Bible School were exhibited during open house in the annex building. A capacity of parents, friends and children attended the service. Colored pictures were taken of the children and teachers of the Bible School.

### KEITH FILES BILL FOR ADDITIONAL FUNDS FOR CAPE COD NATIONAL SEASHORE

Representative Hastings Keith (R., Mass.) filed a bill last week seeking \$12 million in additional funds to complete land acquisition for the Cape Cod National Seashore.

Keith, who was a sponsor of the bill that established the seashore, told his House colleagues that 8,271 acres remain to be acquired for the park -- but that the \$16 million authorized by Congress in 1961 for land purchase has been expended. As soon as additional funds are authorized, the Park Service can continue its land purchase program with funds which already have been appropriated for the

The increased authorization is necessary, at least in part, "because of considerable increases in the price of seashore land," Keith explained, adding that such increases are inevitable because "there is only a limited amount of choice land for our growing population."

## SWIMMING THROUGH THE AGES

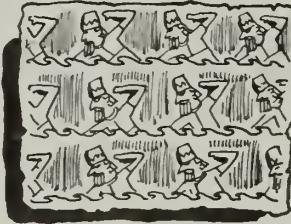

by THOMPSON

FOR ALL OF YOU WHO ENJOY GETTING INTO THE SWIM OF THINGS, RESEARCHERS AT

JOHNS-MANVILLE HAVE COMPILED THESE HIGHLIGHTS OF THE HISTORY OF SWIMMING.

1. THE CAVEMAN BEGAN THE DEVELOPMENT OF SWIMMING WHEN HE WAS FORCED INTO DEEP WATER EITHER TO SAVE HIS LIFE OR TO CROSS UNFORDABLE STREAMS.

2. SWIMMING AS WE KNOW IT WAS PREVALENT AS FAR BACK AS THE 9TH CENTURY B.C. ASSYRIAN BAS-RELIEFS PICTURE SOLDIERS SWIMMING WITH AN OVER-ARM STROKE RESEMBLING THE MODERN CRAWL.

3. THE GREEKS ARE KNOWN TO HAVE HELD ORGANIZED SWIMMING RACES AS EARLY AS 500 B.C. BOTH THE GREEKS AND THE ROMANS CONSIDERED SWIMMING VALUABLE TRAINING FOR MILITARY SERVICE, AND A HEALTHY RECREATION DURING PEACE.

4. MOST PEOPLE FAVORED THE DOG PADDLE AS A SWIMMING STROKE UNTIL THE 16TH CENTURY, WHEN THE BREAST STROKE WAS DEVELOPED. THE MODERN CRAWL WAS BROUGHT FROM THE SOUTH SEA ISLANDS BY AN AUSTRALIAN WHO, ACCORDING TO SPORTS WRITERS, SEEMED TO "CRAWL" OVER THE WATER.

5. IN THE 20TH CENTURY, COMPETITIVE SWIMMING BECAME THE RAGE; CHANNEL SWIMMER GERTRUDE EDERLE WAS AS FAMOUS IN HER DAY AS CHARLES LINDBERGH. LATER, OTHER SWIMMING CHAMPS BECAME MOVIE STARS--AND THE SWIMMING POOL WAS A POPULAR SYMBOL OF SUCCESS HOLLYWOOD-STYLE.

6. IT WAS NOT UNTIL THE 1940S THAT SWIMMING POOLS ACQUIRED SUCH REFINEMENTS AS DIATOMITE FILTERS TO KEEP UNWANTED ORGANISMS FROM THE WATER. TODAY, MORE AND MORE PEOPLE HAVE THEIR OWN POOLS, EQUIPPED WITH CELITE FILTERS TO KEEP POOL WATER SPARKLING CLEAN.

easy access of Cape Cod. "These people present a threat to the very existence of this scenic area. At the same time, this is an opportunity for city dwellers to enjoy the unspoiled natural beauty of the Cape if we make the effort to preserve it.

"I hope that Congress will give prompt approval to this increased authorization so the rest of the Cape Cod National Seashore can be acquired with a minimum of delay and expense," Keith concluded.

The seashore bill, which was signed into law by the late President Kennedy, authorizes the acquisition of 27,700 acres in the towns of Provincetown, Truro, Wellfleet, Orleans, Eastham and Chatham. The seashore was dedicated May 30, 1966.

### COURSES IN OCEANOGRAPHY

Special courses in Oceanography will be held this summer at the Old Rochester Regional High School for pupils in Grades 5 through 12. These courses will start July 5 and continue through August 15.

The courses will be most interesting for those who have ever wondered how deep the ocean is -- how it moves -- or just what lives down there at the bottom; of those who have never seen a ship which was built to answer these questions, and many more, about the sea.

Those who participate in the informal sessions will poke around at the mysteries of the sea, its life, its animals and plants; its structure, its currents, eddies, and winds and

Reports were given by the chairmen. Plans were made for the mammoth food sale the members will conduct on Saturday, July 1st, at 10 A.M. in the Grange Hall. Posters have been put on the bulletin board at the Boutique, at Tinkham's Pharmacy and at the Grange Hall. There will be baked beans, potato salad, cakes, cookies, brownies, as well as other goodies. Grange members will be called for donations.

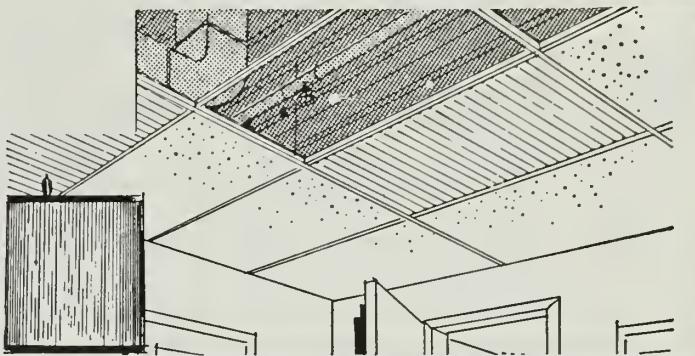

A financial report was given by the lecturer and a report on the literary committee meeting.

The election of officers for 1967-68 was held. Susan Bence was reelected master with Otto Kellish, overseer; Gladys Pearson, steward; Mildred LeBaron, lecturer; Rebecca Downing, chaplain; Lemuel LeBaron, treasurer; Ruth Shaw, secretary; Corrine Lawrence, lady assistant steward; Jennie Toolis, Ceres; Ruby Barber, Flora; Edith Johansen, Pomona; Walter Caswell, pianist; Albert Pemberton, executive member for 3 years.

A committee of three was appointed by Master Bence to find a gatekeeper and assistant steward, to be elected at the next regular meeting.

Masters Paul Ouellette of Sippican Pomona, Robert Ouellette of Rochester and Herbert La Fleur of Acushnet were guests.

Refreshments were served by the Home and Community Service committee.

### LETTER TO THE EDITOR

Recalling your recent statement that "the Town has money to burn" -- for me, at least, it would be a "glorious Fourth" if that money could have been spent on a town incinerator - where the garbage and rubbish could be burned weekly. As much as I enjoy watching fireworks, I'd rather see our ancient system of garbage collection brought up to date!.

#### RETIRED ASSOCIATES MEETING

Mattapoisett was mentioned frequently at the monthly covered dish supper, sponsored by Agawam Village Retired Associates, at which 43 members and guests were present.

Mrs. Gertrude H. Blanchard and Mrs. Lilian Nickerson were co-chairmen. Mrs. Gladys Braman, president, extended the welcome and the invocation was given by Mrs. I. E. Howes. Mrs. Edna L. Borden, formerly of Marion, is program chairman.

Two Mattapoisett residents, Earle D. Wilson and Ralph Staples, were special guests at the head table, with Harry Drake, chairman of the Wareham Housing Authority, Mrs. Drake and Mrs. Ethel Nicholson, secretary.

Former Congressman Donald W. Nicholson, familiarly known as "Billy Nick", had expected to attend, and talk over old times with "Earle D", as they have been friends since the former Congressman was a street car conductor and Mr. Wilson was a cub reporter. However, an invitation to go to the double

header in Boston between the Yankees and Red Sox proved too alluring. Mrs. Borden said, "When folks reach our age, they should do what they want to". She commented that there are 5 days difference in their ages, and that he was a good "boss" when she was on his secretarial staff.

The program opened with the Salute to the Flag. Mrs. Borden told the gathering that the Flag had been donated by a well known Mattapoisett and State Legionnaire, John Raphael.

Mr. Wilson was introduced as the well known writer of the weekly column, "Remember?".

It is also noteworthy that he served East Mattapoisett Quaker Meeting as pastor over 50 years. Upon his retirement Mr. Staples succeeded him. Both are veterans.

The audience was delighted with Mr. Wilson's readings, memory test examples and magic.

During the evening Mrs. Braman announced that Mr. and Mrs. William Ellis were observing their 59th wedding anniversary. A decorated cake, made by Mrs. Braman's granddaughter, Martha Huxtable, was cut and served with ice cream. They were presented with a gift of money.

water levels, anticipating water coverage necessary for hatching. These eggs may lie dormant for as long as seven years and then become active upon flooding. This condition has occurred this spring. The last five years have been exceptionally dry, resulting in a decreasing water table and the drying of our swampy areas. Excess rains this spring have filled our swamps, covering these dormant eggs. Hatching will occur as soon as the water becomes warm enough to activate the growth cycle. The Plymouth County Mosquito Control Project has neither the funds nor the facilities to control the so-called "spring-hatch". Any worthwhile effort on our part to partially control these early species in just a fraction of the county's swamp areas, would completely exhaust our finances, allowing us nothing for our normal control practices which are the most important functions of this Project.

The Expendable Bathythermography, or "XBT System" as it is more commonly known, is used by the Navy in antisubmarine warfare operations, but is also finding applications in purely scientific and commercial pursuits.

Mr. Laverty said that, "the present Expendable BT System is the culmination of more than three years of design, development and testing, as well as customer evaluation." The original design work was done by Sippican's engineering subsidiary, Francis Associates, Inc., also of Marion.

Sippican and Francis are also involved with the design and manufacture of instrumentation for Apollo, Pioneer, Minuteman, ILAAS and other important space to undersea programs.

TOWN OF MATTAPoisETT, MASS.  
TOWN CLERK'S OFFICE

ANNUAL TOWN MEETING  
APRIL 3 and 4, 1967

ARTICLE 48: VOTED TO ADOPT THE FOLLOWING BY-LAW ESTABLISHING A PERSONNEL BOARD. THIS MOTION WAS CARRIED BY A VOTE IN EXCESS OF 2/3rds.

SECTION 1. The membership of the Personnel Board shall consist of five citizens of the Town.

SECTION 2. The Board of Selectmen shall initially appoint one member to serve for one year on said Board; two members to serve for two years; and two members to serve for three years; the Board of Selectmen shall in each succeeding year thereafter appoint for terms of three years each, as many members as are required to replace those members whose terms of office expire in the year during which said appointment shall be made.

SECTION 3. Appointment by the Board of Selectmen of Personnel Board members shall be made in the month of April in each year, subsequent to the Annual Town Meeting.

SECTION 4. A vacancy occurring otherwise than by expiration of term shall be filled for the unexpired term, by appointment, by the Board of Selectmen.

SECTION 5. The duties of the Personnel Board shall be: To study the amount of salaries and wages paid to all Town Officers and Town Employees; to confer with all said officers and employees with view toward establishing, periodically, the relative worth of their respective positions or employment by reducing them to some common denominator of necessary characteristics or skill; to periodically review classifications to detect changes in job specifications; to make any further studies the Personnel Board may deem advisable or essential, all to the end that inequities shall be eliminated among the several classifications, positions, and officers; and to submit its report and findings with recommendations to the Finance Committee and the Board of Selectmen at such times as the Personnel Board, the Board of Selectmen, and the Finance Committee shall agree.

## READINESS TEST

### READINESS TEST FOR CHILDREN

Mattapoisett Center School Principal, John R. Moynihan, announces that a readiness test will be given to all children who will be six years of age on or before October 1, 1967, on Monday, June 26, at 9:30 A.M. in the Center School. Parents are asked to bring their children to the cafeteria, which can be reached by the Barstow Street door.

Based on the results of the test, a special six-week summer program for certain children who take the test will be conducted at Center School from 9:00 - 11:30 A.M. daily, beginning July 5. Administration of the program is in the hands of Mr. Moynihan. Mrs. Blanchette, teacher of the pre-primary division of Grade 1, will be the teacher of the summer school. Parents of children who are eligible will be fully informed about details as soon as the test score results are prepared.

## YWCA

Mrs. Grace Young, director of USO programs at the YWCA, announces that more Junior Volunteers are needed to carry on the USO activities at the Y. This program offers to the servicemen away from home the opportunity for companionship and entertainment in the form of dances, picnics, parties, sports activities and other events that may be planned.

The Junior Volunteer is a young lady of good character between the ages of 18 to 25. She is graduated from high school, employed, or continuing her education. She is single, neat, clean, and fun to have around.

USO (United Service Organization) is concerned with the military installations and Junior Volunteers are asked to attend functions at the

### FAIRHAVEN'S FESTIVAL OF FLAGS

The second annual Festival of Flags in Fairhaven will be held July 5-8. A second congratulatory note was received from Harold K. Johnson, General, United States Army, Chief of Staff, to the people of the Town of Fairhaven.

Wherein it reads: "I was deeply moved to have my name associated with the patriotic action of the people of Fairhaven in holding a Festival of Flags. This Festival will surely benefit our country in reminding all Americans of the ideals for which we have fought in the past and which our men in Viet Nam are now defending so gallantly. In this connection, I

**FOR THE GO-GO GIRLS**

You can be a swinger at any age.

That's why McCall's Patterns is offering mother and daughter versions of the season's most dashing style. It's a tent, slashed from yoke to hem with a deep inverted center pleat — perfect for walking, dancing, running for a bus, or jumping rope.

**G**

McCall's Pattern #8755 is for misses and juniors; #8903 is in girls sizes 4-14. Color it hot with wild prints; cool it with white linen or pique and casual patch pockets. Those new paper fabrics are ideal for this dress, if you're lucky enough to live where they are available.

Whatever the fabric, the sewing is easy — for an easy-going dress that puts you right in the swing of things.
